- 

In order to ensure that the council is adequately prepared for meetings and that there is enough time in the meeting to address all concerns, the town will require all agenda requests to be made by noon the business day before the meeting and all speakers to adhere to a 3 minute time limit regardless if he/she is on the agenda. They also request that all topics and all supporting documents be emailed to the clerk treasurer when the agenda request is made to be placed in the councils meeting packet.
