Police Chief: Report emailed. Cheryl thanked Bob for helping with the first day of school.

Fire Chief: Report emailed.

Director of Public Services: Report emailed. Rob introduced Phil again and let the council know he could answer any questions regarding Solential's proposed project. Josh said his call with Solential went well and BOT financing is very flexible. The next step would be to get a proposal. Tonya said we need to keep up with modern technology and suggested going forward. The council agreed.

Rob met with Rich from IURC. He showed him the gas line that was exposed and took pictures. He discovered that it's been visible from Google Earth since 2019 and Cheryl believes it's been exposed since at least 2015. Rob believes with the pictures and testimony, the IURC will have enough evidence to take action.

Cheryl asked about the construction in front of the school. Rob said Ragle should have finished the sidewalks already but will have the intersection finished by the end of the next Friday. Bob mentioned that Ragle has been notified of the school's hours and have been warned that they'll be shut down if they disrupt the school from functioning. Cheryl mentioned the terrible road conditions and Tonya asked about the signs being left around. After more discussion, Rob will start with sending Ragle an email and get them to start focusing on those issues again.

Utility Administrator: Report emailed.

Environmental Manager: Report emailed. Grover reported 116 W Washington has been sold and they plan to build a house. The town owns a small lot near the library. Grover has started the paperwork with CAPE to put it to use. Grover also reported that CenterPoint is getting started on streetlights. He gave a list and the check marked locations will be installed within 1 month and an engineer has been assigned to work on the others. Grover also reported that there are some trees on town owned property near the library and they are dying. He's hoping that the library will take care of it while working on the new trail, but the town may have to if they don't.

Clerk Treasurer: Report emailed.

Old Business: Tonya announced the Public Safety Tax has been approved at 0.5%. Businesses are expected to start paying it in October and the town will see the new revenue in January. The rate is the same as our current local income tax, so we're expecting to receive somewhere in the range of \$280,000 and \$312,000.
