## Chandler MS4 Stormwater Board Meeting Minutes

The Chandler MS4 Stormwater meeting was called to order at 6:00 p.m. at the Chandler Town Hall.

Pledge of Allegiance said by all.

Roll Call, Present: Williams, Mooney, and MS4 Coordinator Bell. Absent, Elder.

Minutes: Motion was made by Mooney and seconded by Williams to accept the minutes from the February 23, 2026 meeting, motion passed.

Report of the Storm Water Coordinator: The Annual IDEM report is complete and ready to send to the state. Bell reported that many culverts and stormwater conveyances along Green Valley and the Les Drive neighborhoods were cleaned, prior to the last rain event. Good housekeeping remains an issue. We plan to run the Leaf Vac truck next February, just before the spring rains. The current Stormwater balance is \$177,429.75

Old Business: There are additional areas around town where we have cleaned debris and limbs from conveyances, specifically, along Washington Av. Bell explained how that when the Ohio River is in flood stage, it impacts the Chandler drainage. When our conveyances are working well, we may still have standing water in our town as a result of elevated levels of the river.

New Business: There was discussion of a Five Year Master Plan and what our goals should be going forward. Highlighting the discussion was the Green Valley Area, Adams Street, and Public Education.

Mooney made the motion to recess until the next meeting, April 27, 2026 and Williams seconded the motion. Motion passed.
